EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Telez on 6 June 2005.

The application has been amended as follows:

In the claims:

27 (amended) A method for fabricating a semiconductor apparatus comprising:

forming a semiconductor integrated circuit on a first surface of a semiconductor substrate;

forming a base member of insulating material on the first surface of the semiconductor substrate;

forming a conductive layer directly on the first surface of the semiconductor substrate, the conductive layer being connected to the semiconductor integrated circuit and having an extended portion that extends onto a top surface of the base member;

placing the first surface of the semiconductor substrate having the semiconductor integrated circuit, the base member and the conductive layer thereon as facing a connection substrate;

Art Unit: 2823

connecting the extended portion of the conductive layer to the connection substrate; and

supplying a sealing member in a space between the two semiconductor substrate and the connection substrate, after said connecting,

the base member and the sealing member having a same thermal expansion coefficient,

the conductive layer is formed so that the extended portion extends onto an entirety of the top surface of the base member.

Claim 31 (Canceled)
